To Whom It May Concern:

I am writing to give my recommendation for Justin Cole. I have been working as the Saco Board of Education's representative to the Technology Committee and have been impressed with Justin's work as Technology Director for School Union #7. Justin is a very knowledgeable and enthusiastic person and his skills have been very valuable to our district.

My closest work with Justin involved his efforts on the School Union's Technology Plan. His plan was a thorough and forward-thinking document that will serve our School Union for many years to come. Throughout the planning effort, Justin demonstrated strong communication skills as well as a willingness to listen to members of the Technology Committee and incorporate their ideas into the plan.

In summary, I give Justin Cole a strong recommendation for his future endeavors.

Sincerely,

A handwritten signature in cursive script that reads "David E. Versel".

David E. Versel, Member
Saco Board of Education and School Union #7 Technology Committee
